Another definition is "Foliolate ornament, used in the Islamic world, typically using leaves, derived from stylised half-palmettes, which were combined with spiralling stems". Tue, 13 Nov 2018 04:18:00 GMT Arabesque - Wikipedia - The word "fractal" often has different connotations for laymen as opposed to mathematicians, where the layman is more likely to be familiar with fractal art than the mathematical concept. The mathematical concept is difficult to define

formally, even for mathematicians, but key features can be understood with little mathematical background. Tue, 13 Nov 2018 18:23:00 GMT Fractal - Wikipedia - Pattern Download Feb.
